<b>Composition</b>	100% Polyurethane, Backing: 69% Polyester, 31% Cotton	<b>Flammability</b>	EN 1021-1, EN 1021-2
<b>Weight</b>	600 g/m2		

## ABOUT

Joy is a faux leather made from PU (polyurethane), which has a beautiful, leather-like structure and will complement a whole variety of settings. It is a dirt-resistant material, which meets the market's requirement for EN1021:1-2 fire regulations, as well as being certified to Möbelfakta and environmentally certified to OEKO-TEX®. Joy is easy to keep clean with a water and soap solution. The faux leather can also be cleaned using a standard healthcare disinfectant, without needing to be dried off afterwards with water. For a complete list, contact your retailer. Joy is free from additives with an antimicrobial function, which means that it contains no biocides or antimicrobial substances.
